

With every TREECK PEN or TREECK writing set you order, the corresponding amount of trees will be planted. True to the motto ONE PEN – ONE TREE. The two high-quality writing instruments with a barrel made of FSC® certified walnut wood are laser engraved with the logo “ONE PEN – ONE TREE” on the plug and delivered in the black, illustrated gift box.

The world has around 3,000 billion trees. This sounds like an enormous number, but in reality it is only 46% of the total number of trees that once existed. Let's plant lots of new ones and fight climate change together! We are convinced that your customers will also appreciate this campaign! All about ONE PEN – ONE TREE at www.uma-pen.com/TREECK
