Note embedded into the barrel.

RECYCLED PET PEN ALUMA

Recycled²: Write with the ALUMA even more sustainability.

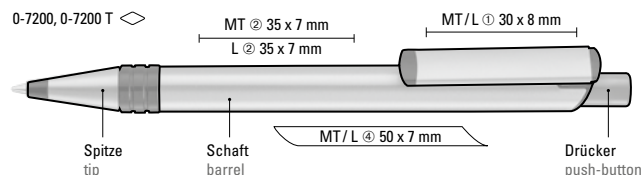

Write the world's first writing instrument made from recycled PET bottle and recycled aluminium beverage can. The extraction and processing of the rPET material made from 100% recycled PET bottles, as well as the rALU material from 100% recycled aluminium beverage cans takes place in Europe. Both materials are suitable for a durable and sustainable advertisement. Thanks to the European and climate-neutral production, the uma RECYCLED PET PEN ALUMA makes an additional sustainable contribution to the protection of the environment.

0-7200: Metal retractable ballpoint pen with metal tip, metal barrel and metal clip made from recycled aluminium in matt silver, plastic parts made from recycled PET material in opaque glossy black and opaque coloured push-button.

0-7200 T: Metal retractable ballpoint pen with metal tip, metal barrel and metal clip made from recycled aluminium in matt silver, plastic parts made from recycled PET material in opaque clear transparent and opaque coloured push-button.
